Happy Badging!

DEADLINE FOR SUBMISSIONS TO THE
March 2021 ISSUE:
Feb. 26, 2021

from the Prez

Greetings Fellow Badgers

As 2020 is coming to end and 2021 is just around the corner there hasn't been much activity on the new badge front or in person trading with the cancellation of all major swap meets, Jamborees and Camps since March 2020. Hopefully 2021 will be better once all the recently announced Covid-19 vaccines get released. A couple of bright spots this year was the listing of all Canadian Jamboree Sub Camp badges from CJ'01 and before and the amalgamation of the Canadian Badgers Club with The Scout Memorabilia Collectors of Canada. I would like to take this time to wish everyone a Merry Christmas and Happy New Year, and here is hoping that Santa and/or Mrs. Santa leaves everyone many little colourful pieces of cloth in your sock or under the tree.

STAY SAFE.

Yours in Scouting & Badge Collecting

Ian MacCalder

From the Editor...

Covid.

Wish I had never heard that word. As I am writing this, Windsor is going into the Control Red Covid Response. Next step is complete shutdown. Hopefully, we will not get to that stage and if we do, not for long.

Everything I have been told about any Scouting events or swap meets have been cancelled. This includes The Denis Charbonneau Memorial Swap Meet and Auction in April 2021. This decision was just made but we will have some kind of online, email or live Zoom auction. This also impacts everything around the club amalgamation talks and our AGM.

The Club executive have instituted a new 5 year membership plan. No discount but you won't be bugged for another 5 years. Just think, no late fees for a while.

Additionally, elsewhere in this issue will be a list of all members that do not have a signed membership application on file. Please fill one out (Legibly) and forward it to Don Connors, our Secretary / Treasurer so that we might keep our records up to date. It can be found on the back 2 pages of this magazine.

Part II of Bryce Honsinger's beautiful history of Camp Wetaskiwin continues.

Vote to Amalgamate

“Out of 207 current members, 73 voted and it was unanimous to join the two clubs together. S.M.C.C. also had their vote and it was also unanimous” wrote Mike Assef in an August 2nd, 2020 email to all members. What has been going on since then?

Websites:

1. Notice put on Scoutalog.com that it will be moving to CBC site.
2. All files of Scoutalog.com backed up.
3. Catalogue listings of Scout/Cub/Venturer/Rover/Beaver proficiency & rank badges revised.
4. Revised Scoutalog listings moved onto Gallery platform.
5. More Scoutalog categories developed and initiated.
6. No further updates to content of old site Scoutalog.com.
7. Scoutalog listings are “member only”, as are Badgers listings.
8. Closing notice for Scoutalog.com will be posted on site webpage May 1, 2021.
9. Scoutalog.com website will cease as separate entity in Sept. 2021 (by non-renewal).
10. Proficiency & Rank Catalogue will be published and distributed to members who desire a copy (format and date to be determined).

New Club Name: Suggestions have been put forward. Do you have better one(s)?

11. Canadian Badgers & Memorabilia Club.
12. Canadian Scout Badgers & Memorabilia Club.
13. Canadian Badgers & Scout Memorabilia Club.
14. Canadian Badgers Memorabilia Club.

Send in your suggestions.

Next Steps:

15. An updated Club constitution to be presented at Denis Charbonneau Memorial Swap Meet & Auction for discussion & approval. (Frank D. Smith)
16. Approval of new Club Name.
17. Election of officers.
18. Wind up of S.M.C.C. by motion.

PS: The crash of the Badgers website had nothing to do with the amalgamation nor uploading of files. It crashed because a piece of software essential to the system outlived its support life. Not a fun time, but all fixed now, with no lost files!

E. & O.E.

CAMP WETASKIWIN

(HILLS OF PEACE)

In 1944, the St. Catharines and District Boy Scout was steadily growing local leadership decided it was time to look for a larger camp site to accommodate the growing membership. Mr. A.C. Parks found a plot of land available on Effingham Hills and in April 1945 he took Bill Kerr, Mrs. Hannah Schroeder, Frank Churchill, and Vince Goldsworthy for a tour of the property.

The property was comprised of 88.5 acres and it was for sale for \$4000. The District had saved \$2000 over the years through Apple Day and other initiatives for the purpose of purchasing a camp and sale of the property was successfully negotiated. The \$2000 mortgage required for the purchase of the property was taken care of by Finance Chairman E.H. Walker, who became president of General Motors in Oshawa. He telephoned around to several of his business acquaintances and in about two hours the mortgage was taken care of through generous donations from the community.

The Scouting Community was invited to the camp on August 5, 1945, for an Official Opening and Public Inspection of the camp. Scouts were posted at the top of the road into the camp to guide guests into the facility. The new facility was named Camp Wetaskiwin which means "Hills of Peace" in Cree. The old Millen Hut from Camp Wigwassin was dismantled, brought to Camp Wetaskiwin, and reassembled for use as a storage and dining area. In 1946, efforts were made to enlarge the swimming hole, plant willow trees, and the main bridge into camp was constructed.

In 1947, the St. Catharines Lions Club started construction on a new lodge for the camp. The Lodge was named "Manitouaning" which means "A Place of Meeting." Lionel Hessen was the Lion's Club Representative on the District Scout Association. He was the architect of the lodge and the person who over saw its construction. The lodge is 80 feet by 60 feet with a veranda across the front. The Main Hall is 60 feet by 60 feet with a large fireplace in the centre of the south wall. The east side has a fully equipped kitchen with lady's washrooms and the west side has the men's washrooms along with a storage area, and Camp Chief's Office. Behind the lodge is a fully serviced apartment for the camp caretaker. There is also a drilled well for water. The overall cost of the lodge was \$18 500 which was a tremendous donation of funds, time, expertise. The lodge was officially opened on July 4, 1948.

This is an aerial photo of Camp Wetaskiwin from 1953. The property had been a farm and thus, there were large open fields. The forests that covers the camp today, was planted by Scouts in the 1950s.

This is an aerial photo from the Hosted Hospitality Camp August 2019 after the World Jamboree. Planting efforts in the 1950s changed the landscape of the camp.

As membership grew, new buildings and facilities were added to the property to enhance the experience of campers. The chapel (1946), swimming pool (1953), the outdoor kitchen called the Potlatch (1960), and the Den (1960) were all added during the first 25 years of the camp to improve the facility. The totem poles and camp sign at the camp entrance were created by Scouts in the South Division as scoutcraft projects in the 1961. The lodge was insulated in 1963 and as a result, winter camping became more common. Larger winter camps were able to be held because campers now had the lodge as a warm refuge in the event that it was needed.

Camp Wetaskiwin has hosted countless group camps, beaveries, cuborees, beaver shivers, competition camps, summer camps winter camps, rover moots, and jamborees. It has also been home to numerous training courses for both youth and adults. Camp Wetaskiwin has been the centre of Scouting for St. Catharines for the past 75 years and it will continue to be for generations to come.

CAMP WETASKIWIN BADGES

No badges or artefacts have been found from the early Scout Camps of local troops or from Camp Wigwassin, but Camp Wetaskiwin has a rich badge history. Below is a sampling of the different events and badges that have been produced for the camp.

FORESTRY COURSES:

Many early badges of the camp were centered around forestry and conservation activities since the camp used to be a farm, and extensive work was done to plant a new forest.

SPEARHEAD:

Spearhead Camps were held annually on Labour Day Weekend. Spearhead was a camp for 3rd Year Cubs who were about to move up to Scouts. The Cubs learned the new skills they would need to be ready for Scouting. It was a competition camp and the winning Cub Pack won the Spearhead Speer.

Greetings from the cataloguer! This issue I have heard from Joe Vautour, Ursula Page Mike Assef, George Cartwright and Geoff Pinkerton regarding new issues and finds. My apologies if I missed anyone.

This is a very quiet issue as listings go with only one new find (a Greater Victoria one) and no new releases, although we are currently examining one but have not yet made a decision on it.

I wanted to come back to the Nepean Area End of the Trail badge which I mentioned last time. I was incorrect in not recognising, in fact, that the badge was endorsed by the Area Commissioner and Service Team. This said it is still not listed but an interesting one for any collection. Joe Vautour may have more if you are after one.

I think the differences in the Greater Victoria badge are pretty clear but to ensure you see the differences below is a scan of the new one (top scan) and the old one (with the bigger rainbow reflection and different placement as related to the mountain ridge) on the bottom.

I received some good feed back on Lone Scout issues after the September Badge Chatter. The following image of a New Brunswick Lone Scout strip was submitted by Joe Vautour (and others mentioned it as well).

If anyone has extra Lone Scout badges they want to trade I am all ears!

I thought I would now show you, what to me is a bit of a mystery. It is the fabled Saskatchewan Wolf Creek printed badge, SASK W1A. The trained eye will notice there are two of different sizes. I have been told both were worn on the uniform. But were they? Does anyone have clear information on this?

I'm about ready to close this article but thought I would raise a question related to the NWT 1G issue. It is not a difficult one to get but I have questions about the back. It looks like one is a more modern run than the other. The top image is the back of what I believe are the first runs of the badge. The middle one is the front of the badge. The bottom images are the non-mesh (later?) releases of the badge including one that is a plastic backed one (bottom left) and one that looks like Tyvek (!). I decided not to show the front of these badges as they are very similar to all the others. Does anyone

know more about this?

I thank all who bring new badges or badge questions to my attention. Keep it up! Please contact me with your finds or answers to questions at: ennisgl@telus.net .

I want to once again thank the Club's Regional Reps; Michael Diegel, Chris Wootton, Steve Kavanagh, Robert Schmitt, Don Connors, Rheel Duchesne and Frank Smith.
